**RRC (Round Robin Competitive).** Players in these groups hone their skills as they try to progress to a higher rating or be the top of their current rating. To play in these groups you must have the corresponding rating or demonstrate to the coordinator that you have the appropriate skill level to play in that group.

**RRS (Round Robins Social).** These groups meet to get exercise and play in a more social setting. The associated rating is designed to help a player find an appropriate group for their skill level. It is a suggestion, not a requirement.

**Drop In Description:** For Club members only. Drop-In is a good time to practice your game and meet new people. The Open Play Drop In format is used at all Drop Ins. When all courts are full, players are required to take turns. Paddle Line Up areas are designated. Players must exit the court after playing a game to 11. The next four paddles go onto the court. See Drop In Guidelines for additional details.
